NEW CONSENT LETTER - COMPLAINT

On June 15, 2009 OBSI started using a revised consent letter with clients and firms. The revised consent replaces the short-form release and long-form release letters we previously used; firms and clients sometimes told us they were confused about why we had two different letters. In addition, the new consent has been modified slightly to make it easier for clients to understand.

Please do not hesitate to contact us if you have any questions about these changes.
